A great book by a great man.By Andrew Constable (andrew@constable.prestel.co.uk)This magnificent book is of the quality one would expect of a man who, after a distinguished Oxford career, and whilst building up a practice at the bar, entered Parliament in the famous 1938 Oxford by-election; thereafter enjoying many years of respectable, and successful public service, the zenith of which was his two terms as Lord High Chancellor. Lord Hailsham tells the story of his life - both personal and private - with candour, humour, and passion. A truly wonderful book, which I would urge anybody - whether they have an interest in politics and law, or not - to read.

Lord Hailsham is best known for his long service as Lord Chancellor. In his memoir, he reflects on the nature of that office and on what he achieved during his tenure of it. He also discusses his parallel career at the Bar and his activities in both Houses of Parliament. His memory of events and emotions has not diminished with the passage of time. The formation of his mind by his classical and legal training, of his character by his wartime experiences in the Army, and

of his spiritual beliefs in part through the three bereavements he has suffered, are presented to the reader with kindness, humour and honesty.
