**Bernard Schwartz : Admin Law Casebook (Law school casebook series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Admin Law Casebook (Law school casebook series):

It's hard to deduce that Hamdee case is talking about the due process due in a military trial which isn't exactly an administrative law court the book focuses on. Kind of a waste of 30 pages having that case in there. Chevron case is not given a lot of attention and so are some important cases.Lots of reading from this book will take you lots of time. 2-3 minutes a page for the dense stuff.0 of 0 people found the following review helpful.
