Abdulqawi Yusuf : African Yearbook of International Law/Annuaire Africain De Droit International 2000

before purchasing it in order to gage whether or not it would be worth my time, and all praised African Yearbook of International Law/Annuaire Africain De Droit International 2000:

The African Yearbook of International Law provides an intellectual forum for the systematic analysis and scientific dissection of issues of international law as they apply to Africa, as well as Africa's contribution to the progressive development of international law. It contributes to the promotion, acceptance of and respect for the principles of international law, as well as to the encouragement of the teaching, study, dissemination and wider appreciations of international law in Africa. A clear articulation of Africa's views on the various aspects of international law based on the present realities of the continent as well as on Africa's civilization, culture, philosophy and history will undoubtedly contribute to a better understanding among nations. The African Yearbook of International Law plays an important role in examining the tensions underlying the State in Africa, and by shedding more light on the causes of the fragility of African State institutions so as to facilitate the identification of appropriate remedies. The tension and interrelationships among issues such as territorial integrity, self determination, ethnic diversity and nation-building are constantly addressed. Development, human rights and democratization in Africa are also the subject of continuous

attention and examination. The Special Theme of this volume is Refugees and Displaced Persons in Africa.
