Carroll T. Hart : Agricultural Labor in the United States: Considerations Select Research. Edited by Carroll T. Hart, Virginia M. Armstrong (Agriculture Issues and Policies)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Agricultural Labor in the United States: Considerations Select Research. Edited by Carroll T. Hart, Virginia M. Armstrong (Agriculture Issues and Policies):

This text explores the possible economic implications of large shifts in the supply of foreign-born, hired farm labour that could result from substantial changes in U.S. immigration laws or policies.
