Andrew I. Gavil, William E. Kovacic, Jonathan B. Baker : Antitrust Law in Perspective: Cases, Concepts and Problems in Competition Policy (American Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Antitrust Law in Perspective: Cases, Concepts and Problems in Competition Policy (American Casebook Series):

0 of 0 people found the following review helpful. As long as I know this is the "must" material ...By CustomerAs long as I know this is the "must" material for my study. This does not stay in a case book, it gives us the very insight to formulate the system for analyzing the complexities of competition.0 of 0 people found the following review helpful.

Five StarsBy Ning DuBest antitrust case book0 of 5 people found the following review helpful. GoodBy Beth ZimmermanGood condition and exactly what I expected to receive. The margins of the book did not have many notes and there wasn't too much highlighting.

Gavil, Kovacic and Bakers Antitrust Law in Perspective: Cases, Concepts, and Problems in Competition Policy builds on the strengths of the first edition with completely updated cases, notes, and sidebars, reflecting the latest developments and commentary. It includes: Expanded economic coverage A thoroughly revised chapter on dominant firm conduct A thoroughly revised chapter on distribution restraints that comprehensively addresses the Supreme Courts Leegin decision Revised and expanded treatment of the analysis of competitor collaborations and joint ventures Revised state-of-the art conspiracy and merger chapters Increased attention to international and comparative developments Some older cases have been reduced to notes in favor of newer cases that better reflect current trends.
