Accurate product and quick deliveryBy Gregory T WhitekerAccurate product and quick delivery1 of 1 people found the following review helpful. Highly recommendedBy RonI've taught out of this excellent coursebook in recent years and am happy with it. It offers a broad

survey of election law by editors who are thoroughly knowledgeable in the field. They present many of the relevant cases and authorities in the form of concisely written notes, making the length of the readings manageable for students and instructors alike. The editors' comments on election law are fairminded, sophisticated, and well documented. Moreover, the book's extensive references to political science literature illuminate many of the empirical realities that underlie the doctrinal controversies. The editors also publish regular updates in order to keep up with the latest trends in this rapidly evolving field. The book is especially strong in its coverage of election administration and the role of money in politics, including bribery and campaign finance regulation. All told, I would recommend the book highly to any potential instructor who is interested in breaking into the election law field. And it would make a good research reference for others as well.

The new streamlined and student-friendly Fifth Edition of *Election Law: Cases and Materials* fully covers developments in election law in the 2012 election season including; extensive coverage of *Citizens United*, super PACs, and other campaign finance developments; emerging issues in voting rights and redistricting, including coverage of the Texas redistricting and voter identification cases; and new coverage of issues in judicial elections. It will continue to include perspectives from law and political science, and is appropriate in both law and political science courses. The extensive campaign finance coverage makes the book appropriate for a campaign finance seminar as well. For the first time, an electronic version of the casebook will be available as well.

About the Author Daniel Hays Lowenstein is a Professor of Law Emeritus at UCLA School of Law. Richard Hasen is a Professor of the UC Irvine School of Law. Daniel Tokaji is a Professor of Law at the Ohio State University Moritz College of Law and the Associate Director of Election Law at Moritz.
