Daniel Tokaji : Election Law in a Nutshell (Nutshells) before purchasing it in order to gage whether or not it would be worth my time, and all praised Election Law in a Nutshell (Nutshells):

0 of 0 people found the following review helpful. Election Law is fun!By Liz DupeeLaws are in this book.0 of 0 people found the following review helpful. Five StarsBy Swifty13Great summed up version for a Law and Democracy or Voting Rights course.

Election law is a dynamic and rapidly expanding field that generates enormous public interest. It is also of great practical importance to lawyers and law students, with increasing litigation and many controversial Supreme Court decisions such as *Bush v. Gore*, *Citizens United v. FEC*, and *Shelby County v. Holder*. This Nutshell provides a succinct and thorough description of the law governing elections, the right to vote, and the political process in the United States. The topics addressed include one person, one vote, gerrymandering, minority voting rights, ballot access, voter identification, recounts, direct democracy, and campaign finance. The Nutshell covers U.S. constitutional law in these areas, as well as the Voting Rights Act, Federal Election Campaign Act, and other essential statutes. It includes *Evenwel v. Abbott*, *McDonnell v. United States*, and other cases from the 2015-16 Supreme Court Term.
