**John T. Cross : Emanuel Law Outlines: Civil Procedure - Yeazell Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Emanuel Law Outlines: Civil Procedure - Yeazell Edition:

1 of 1 people found the following review helpful. Excellent SupplementBy UofL 3LThis is a great study aid for civil procedure. When we first started going over personal jurisdiction in class I was lost and confused. But when I read over the material in this book, it started to make sense to me. It is also a great resource for outlining. The way the book is set up gave me a nice general template for my own outline and it was also a great supplement for things I had missed in my class notes or case briefs. Even though there is a newer edition out, this one has worked just fine for me. And though this is not keyed to our textbook, the material is essentially the same.0 of 0 people found the following review helpful. Decent, but not great...By M. JoyWill help supplement a difficult course, but is seriously lacking in detail. The book could stand more examples and case references.0 of 1 people found the following review helpful.

Would buy againBy P. AraujoThe book matched the description and was delivered within a week. I def recommend this seller and would buy from them again in the future.

Keyed to the popular Civil Procedure Casebook by Stephen Yeazell. The most trusted name in law school outlines, Emanuel Law Outlines support your class preparation, provide reference for your outline creation, and supply a comprehensive breakdown of topic matter for your entire study process. Created by Steven Emanuel, these course outlines have been relied on by generations of law students. Each title includes both capsule and detailed versions of the critical issues and key topics you must know to master the course. Also included are exam questions with model answers, an alpha-list of cases, and a cross reference table of cases for all of the leading casebooks.
