From American Packing Gasket : Eminent Domain Use and Abuse: Kelo in Context before purchasing it in order to gage whether or not it would be worth my time, and all praised Eminent Domain Use and Abuse: Kelo in Context:

This book is a comprehensive analysis of the U.S. Supreme Court decision in *Kelo v. City of New London*. It addresses the controversial and important question of when eminent domain may constitutionally be used to take property for projects that are not publicly owned and operated facilities, such as schools and town halls. The volume captures and conveys the context within which this debate is taking place as well as offers guidance concerning the *Kelo* decision itself and how it may be used.
