**Nigel Bankes : Energy from the Sea** before purchasing it in order to gage whether or not it would be worth my time, and all praised Energy from the Sea:

This volume addresses selected aspects of the international legal framework for developing energy resources in marine areas. The main themes include competition for marine space, energy security, the role of private actors, fragmentation

or integration of international law and liability.

About the Author Nigel Bankes is a Professor of Law at the University of Calgary, where he holds the chair in natural resources law, and an adjunct professor at the University of Troms, Norway. He has an honorary doctorate from the University of Akureyri, Iceland. Seline Trevisanut is Assistant Professor of international law at Universiteit Utrecht.
