**Nicholas A. Robinson : Environmental Regulation of Real Property** before purchasing it in order to gage whether or not it would be worth my time, and all praised Environmental Regulation of Real Property:

0 of 1 people found the following review helpful. wrongBy Keith D. HouckThe organization for which I work is discussed in this book. A quick glance reveals inaccurate information wrt/ constraints imposed by that organization. This makes me wonder how accurate the rest of the book is.

Environmental Regulation of Real Property enables you to anticipate and solve a wide range of environmental law problems. It not only offers in-depth analysis of federal environmental statutes having a bearing on land use, but also looks closely at rules imposed by state and local governments. The book covers the entire field of environmental lawfrom protecting air and water quality to preserving wildlife habitats and landmarksincluding constitutional law, real estate law, litigation and corporate transactions. You'll find detailed coverage of such topics as: when environmental regulation amounts to a constitutional taking; the use of environmental impact statements; hazardous waste control; state and local control of real estate development; protection of water courses, aquifers and drinking

water; preservation of agricultural land and historic sites; the relationship between real property taxes and environmental land use controls; and conducting due diligence reviews and environmental audits. Book #00575; looseleaf, two volumes, 1,662 pages; published in 1982, updated as needed; no additional charge for updates during your subscription. Looseleaf print subscribers receive supplements. The online edition is updated automatically. ISBN: 978-1-58852-016-6.

About the Author Nicholas A. Robinson is the Gilbert Sarah Kerlin Distinguished Professor in Environmental Law at the Pace University School of Law. Former Deputy Commission and General Counsel of New York's Department of Environment Conservation, Prof. Robinson established Pace's nationally ranked environmental legal education programs and has practiced and taught environmental law for more than 35 years. He is a graduate of Brown University and of Columbia University Law School. He has served as General Counsel to the New York State Department of Environmental Conservation and was legal advisor to the World Conservation Congress in Switzerland from 1996-2004.
