0 of 0 people found the following review helpful. Lacks details on how to file By Izzie Player Very disappointed. Book is filled with generalities and definitely doesn't "include rules for all 50 states". It's also far from "Step by step advice". The book is better suited for those that have no concept of small claims court, and it could be helpful to someone trying to determine if they have a case. However, if you're looking for step by step guidance, this book is not for you.0
