Property: Examples Explanations, Fifth Edition, is a study aid that offers clear textual introductions to legal terms and concepts in property law, followed by examples and explanations that test and apply the readers understanding of the material covered. Both authors have years of experience presenting material in a clear and compelling way. With its rich pedagogy that features boldfaced legal terms and visual aids, Property: Examples Explanations fills a niche distinct from other books. The six-part topical organization matches the coverage of most first-year property courses and follows the organization of the best-selling casebook by Dukeminier, Krier, Alexander Schill. Accomplished authors Barlow Burke and Joseph Snoe assure that the rules and doctrines making up the first year course on the law of property are well covered.
