Herbert Hovenkamp : Federal Antitrust Policy: The Law of Competition and Its Practice (Hornbook Series Student Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Federal Antitrust Policy: The Law of Competition and Its Practice (Hornbook Series Student Edition):

0 of 0 people found the following review helpful. Useful tool for law studyBy Bookasuarus RexHornbooks are valuable assets to law students. The usual practice at Law School is to use a Casebook, which contains summations of major cases. The student then "briefs" that case by summing up the major points of law used to determine the ruling in

that particular case. Of course, that presupposes that the student knows what the principle points of law are in that case. And Law Schools DO NOT teach that: it is up to the student to acquire the necessary understanding. That is where the Hornbook comes in. Unlike the Case Books, the Hornbooks EXPLAIN the law. By studying the Hornbook first, one has a better chance of understanding the law as it is applied in real life.

Offers a detailed and comprehensive treatment of basic rules, principles and issues relating to United States antitrust law. Completely updated with all Supreme Court and important lower court decisions through 2004. Enlarged sections on monopolization, proof of collusion, and mergers.
