David W, .. Arnold : Protective Security Law, Second Edition by Arnold, David W, Farber, Bernard J, Inbau, Fred E [Hardcover] before purchasing it in order to gage whether or not it would be worth my time, and all praised Protective Security Law, Second Edition by Arnold, David W, Farber, Bernard J, Inbau, Fred E [Hardcover]:

1 of 1 people found the following review helpful. Great bookBy ChadThe way the authors wrote this book is very nice and simple to understand. The unique way they do this is explain the law enforcement side of the law, then in the same chapter explains it through the eyes of the private citizen/security side. It does a great job at explaining landmark court cases without bogging down with too much knowledge about the case. Book is great for the Loss Prevention / Private Security field.0 of 0 people found the following review helpful. Five StarsBy KJ PVery satisfied, best choice!1 of 1 people found the following review helpful. A book for the Private security ProBy Charles FowlerHere is a book of knowlege that every private security person needs. If you know the basics of the trade then this will help to fill in the planks and point out the pitfalls. In easy to read form with easy references it can provide todays security personel the things they need to know and use on duty to make them better at their jobs.
